

DRIVE IT. HOLD IT. LIFT IT. CONTROL IT.

***TSUBAKI A WORLD LEADER IN SURFACE AND UNDERGROUND
CHAIN DRIVE/CONVEYOR AND POWER TRANSMISSION COMPONENTS***

The mining industry places the highest demands on power transmission products – roller chains, engineering class conveyor chains, sprockets and power transmission components operate in the toughest conditions.

Tsubaki's experience in the surface and underground mining operations world wide, allows us to bring to the market leading innovative products designed with reliability, durability and performance.
